602B: Procedure, Order Non-Program M&S

600: Purchasing · https://milo.masseyservices.com/docs/602b-procedure-order-non-program-ms-2/

Section: Purchasing

Subject: Procedure, Order Non-Program M&S

Approved by: Tony Massey

Effective Date: 21 December 2021

Last Reviewed Date: May 8, 2026

Policy Owner: Senior Director of Purchasing

Policy

A service center may need to order materials and supplies (M&S) not available in Microsoft Dynamics 365 (D365). This requires the requisition process to be completed on paper outside of our Enterprise Resource Planning (ERP) system.

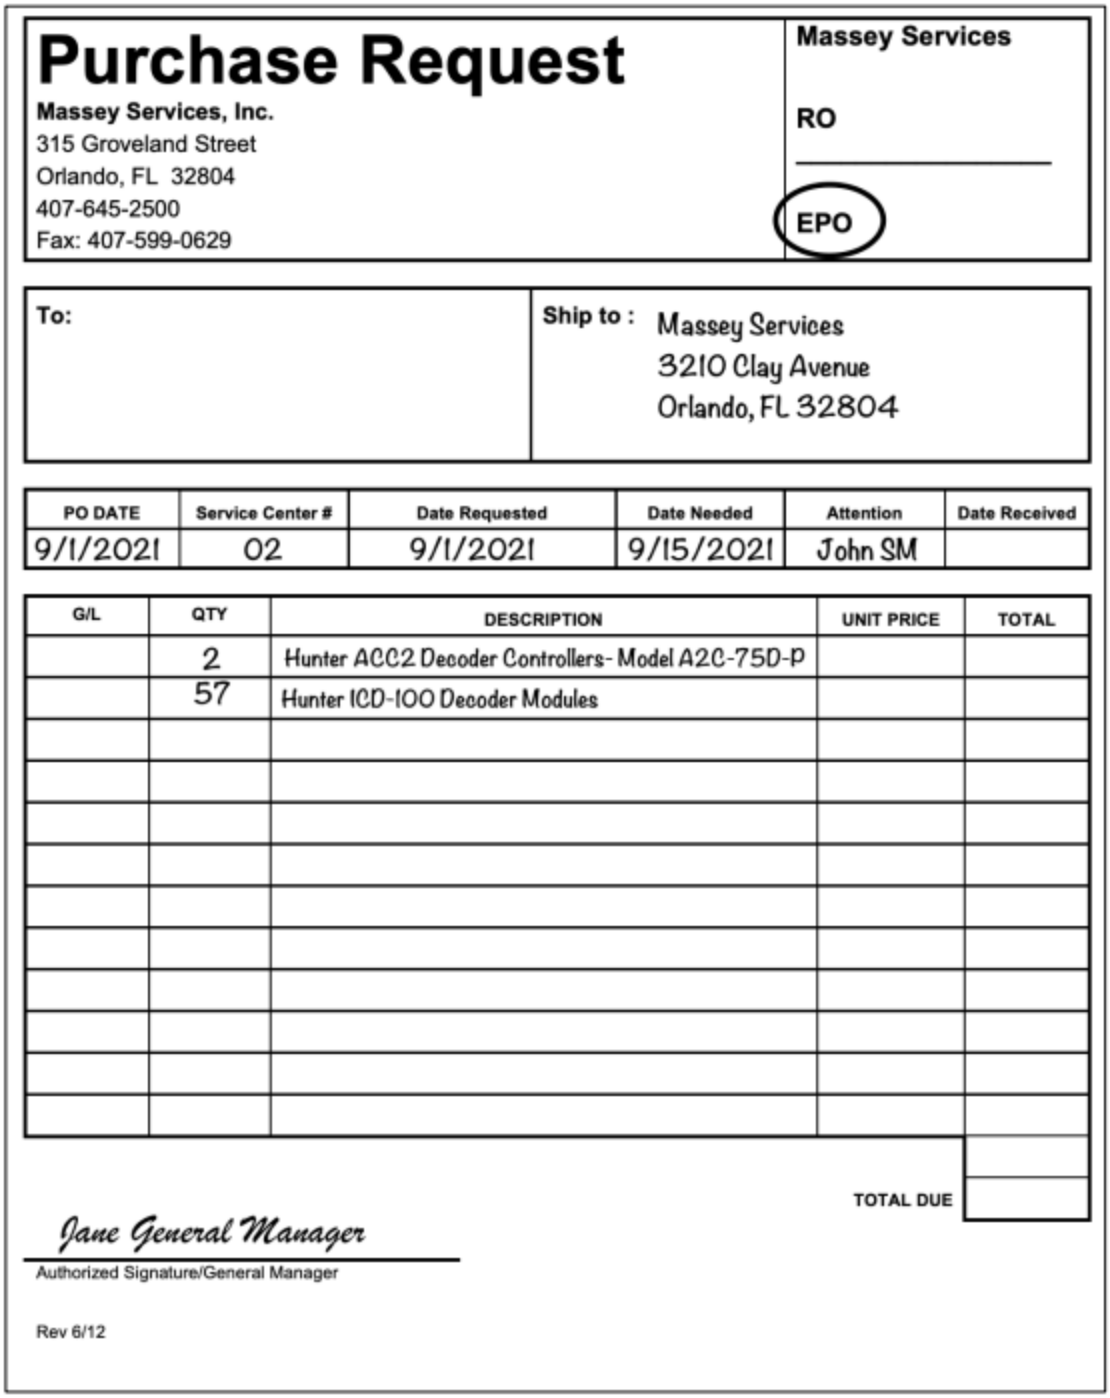

PROCEDURE

The procedure for filling out a Purchase Request form for M&S not in D365 is as follows:

1. RO/EPO box: Indicate if the order is a regular order (RO) or an emergency purchase order (EPO).
2. To: Enter the vendor’s name. If you do not know, leave blank.
3. Ship To: Enter the service center delivery address. Do not use post office box addresses.
4. PO Date: Enter the date you are filling out the form.
5. Service Center: Enter the 3-digit service center number (include any leading zeroes).
6. Date Requested: Enter the date you originally requested the product(s). This is generally the same date you fill out the form.
7. Date Needed: When you need to have the product(s) arrive at the service center.
8. Attention: Print the name of the person receiving the order.
9. G/L: Enter the General Ledger code to be charged for this product.

10. Qty: Enter the quantity and unit of measure (UOM) required. For example, 1 case, 15 bags, or 3 boxes.
11. Description: Describe the product in detail, including container size, and product number or SKU if available.
12. Unit Price and Total Columns: Leave blank. The Purchasing department will fill in this information.
13. Authorized Signature: The EPO will not be processed without the general manager’s signature.
14. Scan authorized EPO and forward to your purchasing agent.
15. The office manager will keep a copy of each document to be utilized when the product, packing slip, and invoice are received.
